SUMMARY

Enthusiastic and self-motivated Electronics and Communication Engineering graduate with a strong passion for technology and software development. Skilled in Web Development, MERN Stack Development, and problem solving through academic and personal projects. Eager to learn, adapt, and contribute effectively in a dynamic tech environment.

SKILLS & INTERESTS

Technical Skills: JavaScript (ES6+), HTML5, CSS3, React.js, Node.js, Express.js, Bootstrap, Rest APIs, GraphQL
Database: SQL, MongoDB
Tools: VS Code, Git, GitHub, OpenSpec
Testing & CI/CD: Playwright, GitHub Actions, CI/CD
Soft skills: Quick Learner, Teamwork, Adaptability, Leadership

PROJECT

DevMentor AI - Tech Stack: React.js, Node.js, Express.js, MongoDB, OpenAI API

- Developed an AI powered learning platform to assist users to learn programming concepts through interactive conversations.
- Implemented user authentication, chat history, and responsive UI for a seamless learning experience.
- Integrated AI to provide code explanations, concept guidance, and personalized learning support.

SpendWise – Tech Stack: React.js, Node.js, Express.js, MongoDB

- Developed a full-stack Expense Tracker using the MERN Stack.
- Implemented user authentication and CURD operations for expense management.
- Designed a responsive UI with MongoDB integration.

AI-Enabled Smart Agriculture Monitoring and Predictive Irrigation Control System

- Designed an AI-integrated Smart Agriculture System using ESP32 for real-time soil and climate monitoring.
- Implemented automated irrigation control with relay modules and predictive analytics for efficient water usage.
- Connected the system to ThingSpeak cloud for live data visualization and intelligent decision support.

PROFESSIONAL EXPERIENCE

SharpAbacus Learning School Pvt Ltd - MERN Stack Developer Intern (3 Months)

- Contributed to the development and maintenance of a real-world web application using MERN stack technologies including React.js, Node.js, Express.js, and MongodB.
- Developed features, fixed bugs, and supported API testing, debugging, and regression validation to improve application reliability.
- Used Git/GitHub for version control, branch management, pull requests, and team collaboration.
- Gained hands on experience with Playwright, GitHub Actions, and CI/CD workflows for automated testing and development processes.

EDUCATION

B.E-Electronics and Communication Engineering (2022-2026)
Vivekanandha College of Engineering for Women, Anna University- CGPA-7.94

HSC (2021-2022)
St. Isabels Girl's Higher Secondary School, State Board- 81.3%

SSLC (2019-2020)
St. Isabels Girl's Higher Secondary School, State Board- 83.6%

CERTIFICATION

- Completed Certification course on HTML in Spoken Tutorial.
- Completed Certification course on VLSI Design in Internshala Training.
- Completed Certification course on Java Programming in Cybernaut.
